

## 1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: Single-Walled Carbon Nanotube (SWNT) Conductive Pastes N1 (in NMP)

Catalog Number: NovaCP-SWNT-N1

Supplier: Novarials Corporation  
19 Crosby Drive, Suite 290  
Bedford, MA 01730

Telephone: +1 617-276-5642

## 2. HAZARDS IDENTIFICATION

### Emergency Overview

#### GHS Classification

Flammable liquids (Category 4), H227

Skin irritation (Category 2), H315

Eye irritation (Category 2A), H319

Specific target organ toxicity - single exposure (Category 3), Respiratory system, H335

Carcinogenicity (Category 2), H351

Reproductive toxicity (Category 1B), H360

#### GHS Label elements, including precautionary statements

Pictogram

Signal word     Danger

#### Hazard statement(s)

H227             Combustible liquid.

H315             Causes skin irritation.

H319             Causes serious eye irritation.

H335             May cause respiratory irritation.

H351             Suspected of causing cancer.

H360             May damage fertility or the unborn child.

#### Precautionary statement(s)

P201             Obtain special instructions before use.

P202             Do not handle until all safety precautions have been read and understood.

P210             Keep away from heat/sparks/open flames/hot surfaces. No smoking.

P261             Avoid breathing dust/fume/gas/mist/vapors/spray.

P264             Wash skin thoroughly after handling.

P271             Use only outdoors or in a well-ventilated area.

P280             Wear protective gloves/protective clothing/eye protection/face protection.

P302 + P352 IF ON SKIN: Wash with plenty of soap and water.  
P304+P340+P312 IF INHALED: Remove person to fresh air and keep comfortable for breathing.  
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P308 + P313 IF exposed or concerned: Get medical advice/attention.  
P332 + P313 If skin irritation occurs: Get medical advice/ attention.  
P337 + P313 If eye irritation persists: Get medical advice/attention.  
P362 Take off contaminated clothing and wash before reuse.  
P370 + P378 In case of fire: Use dry sand, dry chemical or alcohol-resistant foam to extinguish.  
P403 + P233 Store in a well-ventilated place. Keep container tightly closed.  
P403 + P235 Store in a well-ventilated place. Keep cool.  
P405 Store locked up.  
P501 Dispose of contents/ container to an approved waste disposal plant.

**NFPA Ratings**

**Health Hazard:** 2  
**Fire Hazard:** 2  
**Reactivity Hazard:** 0

**HMIS Ratings**

**Health Hazard:** 2  
**Chronic Health Hazard:** \*  
**Flammability:** 2  
**Physical Hazard:** 0

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

Synonyms: Single-walled carbon nanotubes

Component	Concentration
<b>Single-walled carbon nanotubes</b>	
CAS-No.	308068-56-6
<b>N-Methyl-2-pyrrolidone</b>	
CAS-No.	872-50-4
EC-No.	212-828-1

**4. FIRST AID MEASURES**

**General advice**

Move out of dangerous area. Consult a physician. Show this safety data sheet to the doctor in attendance.

**If inhaled**

If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

**In case of skin contact**

Wash off with soap and plenty of water. Consult a physician.

**In case of eye contact**

Rinse eyes thoroughly with plenty of water. Consult a physician.

**If swallowed**

Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

---

**5. FIREFIGHTING MEASURES**

**Suitable extinguishing media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Special protective equipment for firefighters**

Wear self-contained breathing apparatus for firefighting if necessary.

**Hazardous combustion products**

Hazardous decomposition products formed under fire conditions – Carbon oxides, Nitrogen oxides

---

**6. ACCIDENTAL RELEASE MEASURES**

**Personal precautions**

Use personal protective equipment. Avoid dust formation. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust. Remove all sources of ignition. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

**Environmental precautions**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

**Methods and materials for containment and cleaning up**

Contain spillage, and then collect with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local regulations. Keep in suitable, closed containers for disposal.

---

**7. HANDLING AND STORAGE**

**Precautions for safe handling**

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. Avoid inhalation of vapor or mist. Keep away from sources of ignition - No smoking. Take measures to prevent the build up of electrostatic charge.

**Conditions for safe storage**

Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

---

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Personal protective equipment**

**Respiratory protection**

For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator. For higher level protection use type OV/AG/P99 (US) or type ABEK-P2 (EU EN 143) respirator cartridge. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

**Hand protection**

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique

(without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

#### **Eye protection**

Safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

#### **Skin and body protection**

Impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

#### **Hygiene measures**

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

---

### **9. PHYSICAL AND CHEMICAL PROPERTIES**

#### **APPEARANCE**

Form paste

Color black

#### **Safety data**

pH no data available

Melting point/freezing point no data available

Boiling point no data available

Flash point no data available

Ignition temperature no data available

Auto ignition temperature no data available

Lower explosion limit no data available

Upper explosion limit no data available

Vapour pressure no data available

Density no data available

Water solubility no data available

Partition coefficient: n-octanol/water no data available

Relative vapour density no data available

Odour no data available

Odour Threshold no data available

Evaporation rate no data available

---

### **10. STABILITY AND REACTIVITY**

#### **Chemical stability**

Stable under recommended storage conditions.

#### **Possibility of hazardous reactions**

no data available

#### **Conditions to avoid**

Heat, flames and sparks.

#### **Materials to avoid**

Strong acids, Strong oxidizing agents, Strong reducing agents

#### **Hazardous decomposition products**

Other decomposition products -no data available

---

## 11. TOXICOLOGICAL INFORMATION

### Acute toxicity

#### Oral LD50

no data available

#### Inhalation LC50

no data available

#### Dermal LD50

no data available

### Skin corrosion/irritation

no data available

### Serious eye damage/eye irritation

no data available

### Respiratory or skin sensitization

no data available

### Germ cell mutagenicity

no data available

### Carcinogenicity

IARC: 2B - Group 2B: Possibly carcinogenic to humans (Single-walled carbon nanotubes)  
3 - Group 3: Not classifiable as to its carcinogenicity to humans (Single-walled carbon nanotubes)

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

### Reproductive toxicity

no data available

### Teratogenicity

no data available

### Specific target organ toxicity -single exposure (Globally Harmonized System)

no data available

### Specific target organ toxicity -repeated exposure (Globally Harmonized System)

no data available

### Aspiration hazard

no data available

### Additional Information

RTECS: UY5790000

Prolonged or repeated exposure can cause: vomiting, diarrhoea, abdominal pain. Rats exposed to 1-methyl-2-pyrrolidinone at a concentration of 1 mg/L as an aerosol for 10 days showed depletion of hematopoietic cells in the bone marrow and atrophy of the lymphoid tissues of the thymus, spleen, and lymph nodes.

Bone marrow - Irregularities - Based on Human Evidence  
Bone marrow - Irregularities - Based on Human Evidence

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

---

## 12. ECOLOGICAL INFORMATION

### **Toxicity**

no data available

### **Persistence and degradability**

no data available

### **Bioaccumulative potential**

no data available

### **Mobility in soil**

no data available

### **PBT and vPvB assessment**

no data available

### **Other adverse effects**

no data available

---

## 13. DISPOSAL CONSIDERATIONS

### **Product**

Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed professional waste disposal service to dispose of this material.

### **Contaminated packaging**

Dispose of as unused product.

---

## 14. TRANSPORT INFORMATION

### **DOT (US)**

NA-Number: 1993      Class: NONE      Packing group: III  
Proper shipping name: Combustible liquid, n.o.s. (N-methyl-2-pyrrolidone)  
Reportable Quantity (RQ):  
Poison Inhalation Hazard: No

### **IMDG**

Not dangerous goods

### **IATA**

Not dangerous goods

---

## 15. REGULATORY INFORMATION

### **SARA 302 Components**

Not required

**SARA 313 Components**

The following components are subject to reporting levels established by SARA Title III, Section 313:  
N-methyl-2-pyrrolidone CAS-No. 872-50-4

**SARA 311/312 Hazards**

Fire Hazard, Acute Health Hazard, Chronic Health Hazard.

**Massachusetts Right To Know Components**

N-methyl-2-pyrrolidone CAS-No. 872-50-4

**Pennsylvania Right To Know Components**

Single-walled carbon nanotubes CAS-No. 308068-56-6  
N-methyl-2-pyrrolidone CAS-No. 872-50-4

**New Jersey Right To Know Components**

Single-walled carbon nanotubes CAS-No. 308068-56-6  
N-methyl-2-pyrrolidone CAS-No. 872-50-4

**California Prop. 65 Components**

WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

N-methyl-2-pyrrolidone CAS-No. 872-50-4

---

**16. DISCLAIMER**

Novarials Corporation believes that the information in this Safety Data Sheet is accurate and represents the best and most current information available to us. Novarials Corporation makes no representations or warranties either express or implied, regarding the suitability of the materials for any purpose or the accuracy if the information contained within this document. Accordingly, Novarials Corporation and its affiliates shall not be held liable for any damage resulting from shipping, handling, storage, use of the above product.
